Cleared Up Misunderstanding

Some time ago a statement was made in council that the town was not given a fair shake in the matter of fines when a case is tried before Mr. Canios. The allegation was that the magistrate, being a provincial officer, the revenues went to the province. Mr. Canios produced the statutes to show that if the town instituted an action the fines were distributed as if the case had been tried by some other magistrate. The notion seemed to prevail that Mr. Canios was a Mounted Police officer which of course is erroneous. He is as a magistrate as if he had never heard of the police. At the council meeting on Thursday last the matter was referred to and an explanation made that the reference previously made was merely the repetition of the words of a court officer. The council regretted the reference and passed a resolution of confidence in Mr. Canios and of appreciation of the service he has done to the town. The council made it clear that no reflection was intended on the magistrates court.

A Successful Year

The annual business meeting of the Presbyterian church was held on Monday evening, January 31st. Reports were presented from the Session, Board of Managers, Sabbath School, Ladies Aid Society, Women's Foreign Missionary Society and Young People's Bible Class. There are 238 per cent. belonging to the congregation of whom 78 are in full communion with the church. The receipts for the year were \$12,000.00. The disbursements for 1910 are:

General Account	\$4,000.00
Debt Fund	7.00
Special Building Account	250.00
Total	\$4,257.00
Ladies Aid Society	\$22.00
Sabbath School	116.00
W. P. M. S.	7.00
Y. P. Bible Class	6.00
Grand Total	\$229.00

It was moved, seconded and agreed to that the reports as received be printed in detail and placed in the hands of the congregation. Votes of thanks were given to those who had given their time and energy to the work of the congregation and especially to the Ladies Aid Society for their valuable assistance financially, and the choir for their faithful and efficient work in leading the praise of the congregation.

Tenders For Coal

Claresholm will require a lot of steam coal this year for the water and light plant and the mining companies were asked to tender on board the cars at the mines. The West Canadian Collieries tendered at \$2.15 a ton and the Maple Leaf mine at \$2.10 a ton. The supply committee recommended the West Canadian tender on the ground that the coal is the best of the two and cost less. The freight is \$1.50 a ton so that the coal will be laid down here at \$3.65 a ton. It will take 30 to 40 ton a month during the year.

The Firemen's Helmets

When the councilors voted money to supply the volunteer brigade with slickers and helmets they probably thought they were doing it up grand but the brigade entertained a different view and Chief Edwards appeared at council last week with the information that the firemen wouldn't wear such useless trash. It was represented that the goods voted by council were no good at all and after a little bit of jollying the Mayor asked the Chief to get prices on what was needed and he had no doubt council would do what was right with the brigade.

Public Hall For Meadow Creek

A representative gathering of Meadow Creek met in the school on Saturday to discuss the building of a public hall. The meeting was held with Mr. King in the chair and the business of building a hall came into it. It was decided to build the hall on a lot donated by D.A. Mackinnon and will be adjacent to the school house. It is to be of logs and these will be hauled by the men. The additional cost for heating, etc., will be met by subscriptions. The hall is to be used as a sort of social center for the community and the promoters hope to ultimately have a club house of real worth to the district. The work is to commence almost immediately and the size of the hall is to be about 50x30 feet. The following gentlemen were elected to serve on committee: President.....A. King Secretary.....A.M. Hampson Treasurer.....Travis Bagley N. Boyce and D.A. Mackinnon.

Basket Social At Bluxharks

The good people of Holdings held high level on Friday last when a basket social was held to defray the cost of a new house shed which has been erected for the use of the children attending the new school there. The fine, large and up-to-date building was filled with an enthusiastic crowd of about 100 people who came to celebrate the opening of the new Alberta school. The strains of enchanting music a large number flitted through the square dances in spite there were quite a crowd of aspirants for these things. After a suitable entertainment the social was adjourned. The total amount being \$20. Mr. Goodman made a capital and humorous auctioneer. The supper was a marked success and the whole evening was a marked success.

The Nuisance Grounds

One of those awfully impressive documents a lawyer's letter was read at the council last week signed by the eminent P. J. Nolan threatening this good town with all kinds of awfulness if the nuisance grounds and slaughter houses were not removed from under the nasal appendage of Mr. F. S. Snell. However council didn't turn pale for the town is fortified with a statement from the provincial medical officer that the nuisance grounds are not the cause of offence. The doctor blames the slaughter house but recommends that the refuse be burned regularly and that it be deposited a certain distance from the road. The town calmly awaits the service of the writ.

Passed The \$12,000 Bill

The account for \$12,000 presented some time ago by Contractor Breck enridge was passed last Thursday at the council without considerable delay while the Mayor read the contract for the edification of Councilor Miller. The contract having been formally read, council given an excellent chance of developing the grace of patience the bill was passed. The contractor has to complete the ditch to the satisfaction of the engineer and the town has held \$500 until everything is in first class working order.

A Question Of Profits

The council last week asked the local firms for estimates on a piece of work required in connection with the water service the work being to put a zinc lining in a tank. When the tenders were read at the council the figures were as follows: J. W. Wooster, \$40. G. B. Thompson, \$25. Of course the council accepted the lowest.

THE UP-TO-DATE STORE

R. L. WALSH

This day begins our new business year and we wish to thank our many customers for their share of the patronage that has made our business what it is today. The year just passed has been a most successful one, and although we realize that our customers have had a great deal to do with our success, we also know that our prices MUST be right to have been able to secure this amount of your trade. It will be our endeavor while in business here, to give the best possible values all round. We will continue our "Saturday Specials" which have been so much appreciated, and trust that we will receive the same generous patronage that we have during the past year.

Saturday Specials

Seeded raisins, best quality, reg. 2 pkts. for 25c spec. 3 for.....25c
Cleaned currants, reg. 2 pkts. for 25c, spec. 3 for.....25c

THE BRITISH ELECTIONS

The long drawn out agony is nearing a close in Britain and it is now possible to draw conclusions as to the cause of the disappointing result to both the great historic parties. The cause for neither side having a decisive lead was probably due to the mental tightness of big issues, which must have been very confusing. When an electorate has to decide on tariff reform, free trade, land taxation, the status of the hereditary chamber, and other issues of an equally momentous character it is not surprising that the vote was as close as it was. The House of Lords suffered a reverse vote everywhere but in the midlands and South of England, where the influence of the aristocracy and land owners was most potent. The land owners, who were to be the heavy tax payers under the new budget, are reported to have used the most violent threats against the treasury and dependent shopkeepers, if they did not vote Conservative. That the budget was withheld with dire consequence to the Liberal candidates was quite in evidence when the returns came in. There is very little comfort for the titled interlovers with the representative chamber in the fact that the Liberals are dependent on the Nationalists for a working majority. There is no party so anxious to elip the claws of the monarch-juggler in the upper houses as the Nationalists. All they hope for in the way of legislation for Ireland must come from the house which represents the people and they have no right to place obstacles in the way of the Asquith program being carried out to the letter. With the power of the aristocracy destroyed, or reduced, the obstacles in the way of home rule would be greatly overcome. Mr. Balfour, the Irish leader, is a man of great ability and has proven himself an astute and cautious parliamentarian. He is not the man to better Ireland's chance of a measure of home rule by refusing to cooperate with the Liberals in handing out red justice to a house which has ever taken the position that the Conservative party has a divine right to rule in Great Britain. The days of the power of the Lords to thwart the will of the people at pleasure are numbered. The days of the present parliament may not be numerous but they will be sufficient to long to create an issue which will give the people a clear cut chance to say whether they shall rule, or the luxurious gentlemen whose only claim to distinction is that they are sons of their fathers. If the Review has read the history of the reign of Charles II might quite a number of these alleged aristocrats would have considerable trouble in tracing to a satisfactory issue the actual identity of their fathers. This world has reached a stage in its development when an hereditary chamber is a mockery, and a reflection on the people tolerating it. If it were to be a chamber to sit on the safety valve like it is of the people and not made up of one tenth able men and the rest monarchic noble heads.

The next election will be fought on a clear issue.

A Real Police Force

In last week's issue we gave a short extract from the report of the Commissioner of the R.N.W.M.P. Police. This report is a very excellent one and one of the few fine books that can be read with interest. In it is given a summary of the years work of the police force, whose duties take them from the Arctic coast to the forty-ninth parallel, and from the Yukon in the West to the Hudson's Bay in the East.

We note that Commissioner Perry recommends that the pay be increased for efficient men, and in Superintendent Snyder's report there is this very significant quotation "In this territory, social status, always largely a matter of the amount of salary attached to various positions, relegates the rank and file to the lower status of society, amongst them it is natural that the better educated class of men find but few congenial associates and are largely thrown on their own resources and, since the reduction of strength leaves but few men in barracks, the monotony of the existence eventually loses us, from one cause and another, the very class of men. It is most desirable to retain, however, the standard of efficiency and to afford the general public an opportunity of comparing which cannot be to the advantage of the green recruits with the experience of frontier life." This we are afraid is only too true.

The Commissioner is, at the time of writing, in doubt of the Federal Government making any arrangements for the employment of the R.N.W.M.P. Police in the provinces of Alberta and Saskatchewan after the first of April, 1916. He finds it very difficult to meet the legitimate requirements of the country and states that the force would have to be doubled to enable the fulfillment of all the demands made upon it.

If our humble opinion of the recommendations of the Commissioner should be accepted and approved, it is cheaper and very much wiser to have an effective police force, than to build and maintain convict establishments. If the R.N.W.M.P. Police were doubled in the two provinces it would pay.

As the report states "There are a number of new settlers who need education in the laws of their adopted country." Education is for far the cheaper and by all means let us have more to do it with.

Another point we would strongly urge, is that there is apparently some difficulty in getting men for the valuable force, we are convinced that if the members were paid a fair salary this difficulty would disappear. As R.N.W.M.P. Policemen, are expertly supplied by other police forces, and from them receive discipline and training, they are receiving in the mounted police and for doing the very same and mostly less work.

The time has not come to do justice in this matter to the country and thereby to this efficient body. If this is not done we feel that in the very near future the force will be non-existent.

Someone remarked during the last week that in our division only two members had not made their applications for discharge. While we do not think that this latter statement is strictly accurate, yet it is a fact that a large number of men are leaving for the reasons above mentioned, that is, they are being discharged for doing less work.

The day has passed in which the military element in the force should be predominant. Constabulary work has now all that the force can do. They have no time to play soldiers and look pretty. That part of the force's usefulness was slight in the days gone by, when this country was sparsely settled and we had not the military organizations here we now have.

We believe it would be much better for Alberta and Saskatchewan, and perhaps for the whole Dominion of Canada, if arrangements could be made in each province of the Dominion to extend throughout them, the jurisdiction of the R.N.W.M.P. Police. That is we believe would be a much better thing if the R.N.W.M.P. Police had the holding of the whole of Canada, town and country as well, with the exception possibly of large cities like Toronto and Winnipeg. At present there are hundreds of small towns throughout Canada, not provided on account of lack of means. Very few of the local forces are as efficient as they should be. By that we mean of necessity to the country at large. They only can serve the municipalities that appoint and pay them. And as a general rule pay is not attention to strictly local municipal affairs. Crime in these localities costs money to put down, therefore on this account criminals often escape justice and the usefulness of that force is very much reduced.

In a Federal force such as we have suggested, with all the police under the control of one department, and what better department can we have than the present department of the R.N.W.M.P. Police, there would be very much more thorough police services performed.

ALGARY

Weakness, the cooperation of these men in a more efficient manner, the whole of the Dominion, to lend their assistance in this matter and urge it upon the Federal and Provincial Governments.

But by all means increase the R.N.W.M.P. Police in numbers and also in pay as recommended by their Chief Commissioner, for it is time we got to the root of the evil that is depleting this useful body of men, and urge the governments to do the right thing, first to the country in general and to the R.N.W.M.P. Police in particular.

Weakness, the cooperation of these men in a more efficient manner, the whole of the Dominion, to lend their assistance in this matter and urge it upon the Federal and Provincial Governments.

Held A Ward Conference

The Clareholm ward conference of the Church of Jesus Christ of Latter Day Saints was held last Sunday, Jan. 29th, in the L.D.S. Church at Westholm. There was in attendance from the local offices of the Church, President E.J. Wood with his Counselors, Dyer and Williams, Stake Superintendent of relief society, Sister Dyer, Sister of the Mutual Improvement Association, Bro. David Wilson of the Young Men's Association, and a number of other visiting Brothers and Sisters.

Services commenced at 2 p.m. The ward choir sang "Hosanna Firm A Foundation," prayer was offered by Elder G.H. Grow. The choir sang "Hark! Listen to the Trumpets." Reports from the various ward organizations were here-tofore, substantiated by the undersigned as HARVEY E. WILKINSON & CO. in the town of Clareholm has this day been dissolved by mutual consent. All debts owing to the said partnership are to be paid to Carl J. Braren at his office at Clareholm aforesaid and all claims against the said partnership are to be presented to the said Carl J. Braren by whom the same will be settled.

Dissolution Notice

NOTICE is hereby given that the partnership here-tofore, substantiated by the undersigned as HARVEY E. WILKINSON & CO. in the town of Clareholm has this day been dissolved by mutual consent. All debts owing to the said partnership are to be paid to Carl J. Braren at his office at Clareholm aforesaid and all claims against the said partnership are to be presented to the said Carl J. Braren by whom the same will be settled.

Dated this 22nd day of January A. D. 1910.

Meadow Creek Notes

C.D. Hardwick of Lyndon was a visitor to Meadow Creek this week.

The ordinary business meeting of the school trustees was held during the week when items of routine were attended to.

The service was impossible at the school on Sunday but every enjoyable time was spent at Mr. R. E. Maxwell's house where a goodly company assembled for service. Where there's a will there's a way.

Mr. and Mrs. Hunsford of this village took part in the play in Clareholm on Wednesday.

Several of our folks made the trip to Spring Point the other night where an all-night dance was held.

Miss Rankin, our former school mistress will commence her duties at Blue Creek this week.

Meadow Creek Question. No. 1 Why don't we have a store here? There's heaps of money in the idea and a live man can get heaps of money out of the proposition. There's a reason.

Mrs. Mackinnon was the guest of Mr. and Mrs. Maxwell for a few days.

The farmers are beginning to tire of the inactivity of winter and are looking forward to spring and plowing. Keep your eyes on Meadow Creek.

Messrs. Malby and Foxcroft made a trip to Lyndon with cattle a day or so ago.

There was another free distribution of household goods and chattel owing to chinkish which paid us a visit last week-end.

An Improved Clareholm

There is every promise of some modern buildings going up this summer as the first fruits of the water service and consequent fire protection.

At the council last week Mr. Milnes of Milnes & Noble asked for permission to move the present building across the street while a new block is in course of erection. Council Clark made a similar request and while they were not dealt with there is no doubt the council will be only too glad to accede to such popular requests.

The recent purchase of land from Milnes & Noble on Railway street also involves a new brick building and there is every reason to believe that other improvements of a similar nature are contemplated. If these men are going to build brick buildings it is up to the council to see that in future no one is allowed to build wooden sheds beside them. With fire protection a building bylaw will be quite in order.

The Newest and the Best

W. C. Burnham has added a livery equipment to his already big business and assures the public that he will keep nothing but the best of road horses, the finest rigs and up-to-date turnouts.

We will continue our draying business and by promptness and courteous attention to patrons hope to have the same generous measure of success.

Farmers remember that our feed stables are the best.

W. C. Burnham

N. B.—We have a few wagons and second hand sets of harness for sale.

His make-up and antics are a far cry from the play of the playwright. Of the ladies it would be only fair to say that they scored the big triumph and added to the pleasure of the performance.

Mrs. Hampson as Violet Melrose an actress displayed all the spirit of a trained actress and could easily win for herself a place on the professional stage. Her stage appearance was also charming and interpretation of the role all that could be desired. Mrs. F. W. Elliott as Mary Melrose, Violet's poor cousin, was exceptionally happy and inspired the play with a big share of the spiritfulness that gave the audience such great pleasure. Her stage appearance was also graceful and she acted without the slightest trace of nervousness. Miss Kingsley as the quiet, dignified, common-sensé maid aunt of Violet Melrose did her part well and sustained the role with credit. Her make-up was excellent.

Of the specialties put on by the Messrs. Esche too much praise could not be given. They could easily make their mark on the vaudeville stage. They were decidedly clever

and were recalled several times so delighted were the crowd.

A pleasing feature after the second act was the singing of an illustrated solo by the soloist with the Wonder band accompanying picture show. She was recalled. The show was a big success financially, attracting one of the largest houses ever seen in Clareholm. The funds will go to erection of a hall in connection with St. John's church. The company have under consideration the putting on of an entertainment for the hospital fund.

Clareholm Weather

The weather for the last week in January is indicated by the following indications taken at the Holland farm:—

Date	Maximum	Minimum
Jan. 25th	39	31
" 26th	36	19
" 27th	42	30
" 28th	28	19
" 29th	36	1
" 30th	45	26
" 31st	32	24

Highest temperature on Jan. 23 50°

Lowest " " on Jan. 2—25°

Precipitation in Jan. 0.04

Chiefly Clareisholm

The Town

Miss Lewis returned to Calgary on Saturday.

Mr. R. Brown, was in Macleod on Friday last on a business trip.

Mr. A.B. Macdonald was in Macleod and returned home on Wednesday.

At Clareisholm on Wednesday Feb. 2nd 1910, to Mr. and Mrs. Chas. Eade a daughter.

Dudley Munro has sold his horse "Queen" to "Shorty" Melanidlin of High River.

Mr. W.A. Cornwall has bought the lot next to Cumming & Lindsay's implement shop from J.W. Wooster.

The Choral Society of Clareisholm are making arrangements to hold an "at home" in the public hall on Thursday, Feb. 17th.

Mr. S.A. Erwin and family of Lyndon left Monday for Spokane, Wash. where he will work at his trade. Mr. Erwin is an expert electrician.

There is not likely to be much change in the pricing of local improvements this year as the council expect to convert every possible dollar to the water and light fund.

The Girls' Guild of the Methodist church will hold a social evening at the home of Mr. and Mrs. J.J. Anderson on Friday night this week. Arrangements have been made for a good time.

In another column Mr. James Clark is calling for tenders for the erection of a two storey mill store to be built this season. This block will add considerably to the general appearance of Clareisholm.

The sale of Burnham's barn fell through, and the owner is fulfilling the conditions on the last day of grace Jan. 31st. Mr. Burnham will continue the business and will add a livery service as well as the general driving.

A regular meeting of Foot Hill Lodge No. 13 I.O.O.F. was held in the lodge room Monday evening Jan. 1st. Several important items of business, including three applications for membership, were laid over until next meeting, Monday, Feb. 7th.

Mr. J.P. Andrews has been appointed assessor for 1910 at a salary of \$75. It is thought the work will much easier this year than last as he received the same then and some of the information was given to him, but to his mind he had with him the same information.

Mr. Finlayson has sold the fine Scotch horse he brought over last Fall and will start back to Scotland for another load. This week he sold George Stewart a handsome big stallion and sold Alex. McElne a stallion and a mare. Mr. Finlayson is doing much to raise the standard of horse-flesh in this district.

Mr. L. Jansen who has bought the stock of H.E. Wilkinson & Co., comes from Antigonish, Wisconsin and is a business man of considerable experience. He bought the stock at a rate on the dollar and will sell it at bargain prices in order to make room for new goods. Mr. Jansen has wife and family and makes a valuable addition to the town.

There is very little likelihood of the town buying the right of way for the lane from 4th Ave. north and it is just possible that the Alberta telephone system will provide another to remove the poles one of these fine days. Mr. Soby and other property owners refuse to share the expense as they say the land is of no particular value to them.

The sale of stock and implements at Fred Andersons on Monday was one of the biggest events of the kind that has been put on in these districts for many a day. There was a large attendance and the prices at which things sold showed that there wasn't much evidence of hard luck in this section of the prairies. The net sales totalled \$7,000. Horses and cattle brought particularly high prices.

Mr. G.S. Hotchkiss left for Edmonton on Monday to assume his new duties as Commissioner of Immigration. The appointment of Mr. Hotchkiss has been most favorably commented on by the press of the province and 50,000 new settlers is the slogan for 1910. The work of organization will be undertaken at once and it is hoped to have the propaganda under full swing in a few weeks. Mr. Hotchkiss would feel grateful for photos or other material designed to show the attractiveness of the province as a field for settlement.

It was expected that the audited statement of the town's finances would be ready for publication this week but it could not be completed without delaying publication of the Review for 24 hours and will appear in the next issue.

The Stately Standard refers to the one man police force job in Clareisholm as a "Sweet shop job."

Mr. William Moffatt left this week on a trip to Pilot Mound, Winnipeg and other points in the East.

Notices are posted that application has been made to the Interior Department for granting privileges on 29-13-25. Feb. 20th is the last day for filing objections.

Leo School had a horse. He tried a small trot in the Review. The advertisement was read by Mr. J.L. Silman. Mr. School notified and the horse returned to the stable inside of 24 hours.

Mayor Frost has asked the waterworks committee to make a survey of the property on which the town wells are situated with a view to commencing expropriation proceedings. The town has no title to the property.

A week or so ago a brook with cluster of maple leaves and amethyst setting was lost at the skating rink or on Shelter street. Elmer will confer a favor by returning it to the Review office.

J. A. Smith, the auctioneer, had a side for a farmer well under way the other day when a sheriff's officer very nicely stepped in with an attachment order. It was quite a surprise for the auctioneer as the big crowd gathered to get the bargains.

At the last meeting of the council Mr. Cote asked for a reduction of the license on pool tables as the charges in this town are higher than elsewhere. Council promised consideration of this week.

Mr. J. A. Schmidt who has been head clerk at J.M. Soby's big store for the past three years has resigned to take position at Blainmore. Mr. Schmidt has been a very popular and successful clerk and the Review has no doubt of his advancement in his new sphere of labor.

Mr. Charles Walsh of Winnipeg was here this week looking over the site for installing an automatic indicator in connection with the heating and ventilation of the new school.

The Modern Woodmen have completed arrangements for some special features in connection with the Masquado Ball on Monday, Feb. 15th which will make it one of the best events of the kind ever held here. The costumes will be of a most striking character and the general entertainment on a scale never attempted here before. They have also arranged with the management of the Woodmen show to put on moving pictures and illustrated songs which should add much to the enjoyment of the function. Don't forget the date Feb. 15th.

Siding Not Necessary

The question as to whether the C.P.R. would build a siding to the Norx queries, near Monarch, or not, seems to be definitely disposed of. The question was submitted to Mr. Whyte and the letter from him to the land commissioner may be construed as final. The district is well served by Monarch and it looks as if the C.P.R. were quite satisfied with present arrangements. Mr. Whyte wrote:—

E.P. Griffin Esq., Land Commissioner, Winnipeg, Manitoba.

With regard to your inquiries regarding the probabilities of building a spur on the east side of the Old Man River and west of Monarch, I desire to say that there is no intention on the part of the Company to construct such a spur, because Monarch is only a distance of about four miles from the river. There is, as you know, a spur on the west side of the river to give shipping facilities to a quarry established there, and there is also a station and siding named Pearce, on Sec. 1 Tp. 10 Range 26, W. 4th. The stations of Monarch and Pearce give ample facilities there, therefore the Company will not consent to the construction of a spur or siding on the east side of the river.

Yours truly,
(Sgd) W. Whyte, Second Vice Pres.

Synopsis of Coal Mining Regulation

Coal mining rights of the Dominion, in Man-
itoba, Saskatchewan, Alberta, the Yukon, the
Northwest Territories and British
Columbia, may be leased for a term of twenty
years at an annual rental of \$1 an acre,
not more than 200 acres will be leased to one
person.
Application for a lease must be made to the
Agent or Sub-Agent of the district in which
the rights applied for are situated.
The leasehold interest must not be de-
scribed by statute, or local subdivisions of
section and shall be conveyed by the tract
survey and shall be subject to the provisions
of the Act.
Each application must be accompanied by a
fee of \$5, which will be refunded if the rights
applied for are not available but not otherwise.
A receipt shall be paid on the purchase of
the rights at the rate of Five Cents per
acre.
Every lease of coal mining rights, which are
not being operated, shall furnish the district
Agent or Sub-Agent with a sworn state-
ment to that effect at least once in each year.
The lease will include the coal mining rights
only, but the lessee may be required to use
there whatever available surface rights may be
required for the working of the coal.
The rate of Five Cents per acre.
For information application should be made
to the Secretary of the Department of the In-
terior, Ottawa, or to any Agent or Sub-Agent
of the Dominion Lands.

W. W. COURT,
Secretary Minister of the Interior.
N.B.—Unauthorized publication of this ad-
vertisement will not be paid for.

The Farmers Convention

Editor Review: All forenoon of
the second day of the meeting was
given over to Dr. Torg to discuss the
agricultural college. A large per-
centage of the IT delegates were
heavily sick of there being so much
stuck put on and so much of the
valuable time of the convention being
lost on the discussion of the agricul-
tural college. The truth of the mat-
ter seems to be: Edmonton politi-
cians seem to want everything (bar-
ring possibly the lunatic asylum) lo-
cated at Edmonton or Strathcona
and when they went out to consult
the farmers about the location of the
agricultural college after the site had
been located (please remember) there
was an awful howl went up from
(Rome) Calgary and vicinity. Then
the fat, sleek politicians knew that it
was up to them to explain so what
did they do but use the U.F.A. con-
vention as a lever, one end of which
was to pull the wool over the farmers'
eyes, while with the other end they
were trying to responsibility of the location
on this previous legislature. Now this
question naturally looks mountain
high, how long Oh Lord, how long
will the farmers in convention assem-
bled for important economic business
allow a few men with nothing but
their own private special interests to
further, allow them, I say, to monopol-
ize the valuable time of their meet-
ing in advertising their own special
wants? Now my fellow farmers let
me say to you right here, this one
thing. The U.F.A. constitution is
not political. The agricultural col-
lege muddle as it now stands is in-
tensely political. You can see for
yourself how over half of the time
that your delegates were in conven-
tion was lost to your interests by be-
ing stolen by a few men to thrust out
their own troubles about the agricul-
tural college question. Right here it
will not be out of place to warn you,
my fellow farmers, regarding what
you read in newspapers. The Edmon-
ton paper gave a very incomplete
partial and misleading account of
proceedings of your convention. A
newspaper that is worthy of the name
would surely give a fair and impartial
account of a convention of people

composed of citizens who are recog-
nized as the backbone of the

community would Mr. Editor con-
tinue to manufacture public opinion
by misconstructing statements? Not
one minute for the farmer is the life
of the tree from which the newspaper
man plucks his fruit and the pluck-
ing is so very easy that he is not even
grateful for his food. So I say fellow
farmers be careful of the paper you
read. Mr. Greene of the Grain Growers
Association of Manitoba was
present and gave us a good talk and
much information about our brother
farmers in Manitoba. Mr. Greene of
the U.F. of Saskatchewan was also
present and brought us in closer touch
with our sister province so near to us
on the East. Mr. Chipman, associate
editor of the Grain Grower's Guide
the educator and eye-opener of the
west, was present with a large trunk
full of the latest issues of the Guide.
He placed two large cartoons on the
wall, one illustrating the competition
hogs, one gitting between used B.C.
markets and one between used Win-
nipeg and Port William markets, each
hog had beside him a bag of swag.
At the fork of the road looking at
these hogs was a big farmer with a
U.F.A. club starting up the road to
chase the hogs out of the road. The
other cartoon represented how a big
man worked the elevator combine run-
ning down the door toward a little
building with the door open, marked
party politics; right close behind the
elevator combine man was a large,
vicious looking bulldog which had
just bitten off a chunk of the elevator
combine's coat tail. The bulldog was
marked U.F.A. and the elevator com-
bine was saying "If I can only get
into party politics I'm safe." Let me
say again, farmers, keep out of
politics for politics will ruin you every-
time. Premier Rutherford gave us
the figures showing that the govern-
ment lost \$75,000 on hall insurance
last year but he said that the govern-
ment had no notion of discontinuing
hall insurance. The first important
resolution passed was the one asking
the government to either build or
purchase live elevators and operate
them for the benefit of the farmers.
Consolidated next week.
H. G. Abert, delegate.

In the Supreme Court of Alberta

BETWEEN
Charles F. Cogelow, Plaintiff
-And-
Fong Wing, Defendant
Before His Honour Arthur A. Car-
penter, Local Judge of the Supreme
Court.
IN CHAMBERS.
This 26th day of January, A. D. 1910
Upon the application of the plain-
tiff, upon hearing the solicitor for the
defendant of Harry O. Haslam sworn
berth.
IT IS ORDERED that service on
the defendant of the Writ of Sum-
mons and Statement of Claim in the
action by publishing this order to-
gether with the notice herein, under-
done once a week for three weeks pre-
ceding the 12th day of February,
1910, in the "Claresholm Review
Newspaper" published at Claresholm
be deemed good and sufficient service
of the said Writ and Statement of
Claim.
AND IT IS FURTHER OR-
DERED that the said defendant do
enter and appearance to the said
Writ of Summons and file his state-
ment of defence in the Clerks office
of this court at Macleod on or before
the first day of March, 1910.
AND IT IS FURTHER OR-
DERED that the costs of this ap-
plication be costs in the cause.
A. A. Carpenter,
L. J. S. C. A.
This action is brought to recover:-
(a) Payment of the sum of \$340.51
(b) Interest on the said sum of
\$340.51
(c) An order by this Honourable
Court that the said lands and the
premises may be sold and the
proceeds of such sale apply in
payment of the plaintiffs'
claim, interest and costs.
(d) An order by this Honourable
Court that the said Agreement
may be cancelled and declared
null and void.
(e) Such further or other reference
as the nature of the case may
require and as to the Honour-
able Court shall think fit.
SEALED and issued this 26th day
of January, A. D. 1910.
Therese Dicksen,
C. C.

BARONS' BUDGET

Barons, Jan. 27th—Mr. Murray is
visiting his former home in Nova Scot-
ia this month.
Mr. Hyslop, the new student who
will have charge of the Methodist
church here, arrived last week. Mr.
Bosworth will attend college at
Edmonton.
Messrs. Neaves & Hartfield are er-
ecting a two-story building on the
corner of Main St. and Alberta Ave.
The ground floor will be used as a
store and the second floor as an open
bazaar and roller skating rink. Mr.
O.T. Lees and Mrs. Frys are both
erecting new dwellings.
The Vancouver Milling Co. are
erecting a new elevator here. This
makes three elevators in this busy
town.
The board of trade have been com-
municating with the government in
the formation of the Barons school
district but as yet have not received
any definite reply. At present there
are 18 children in Barons who have
to walk 3 miles to school.
We hope to be able to announce
the incorporation of Barons as a vil-
lage in the near future. The neces-
sary papers are being prepared.
The wind storm of last week com-
pletely demolished the large imple-
ment warehouse of Mr. Mitchell, Mas-
sey Harris agent here. The building
which was 25x80 ft. was near com-
pletion and will be a great loss.
A delegation from the United Farm-
ers of Alberta from this district
met the Barons board of trade at their
regular meeting last week and dis-
cussed the forming of a company for
the building and operating of a flour mill
here. Another meeting will be held
this week when the matter will be fur-
ther discussed and it is hoped some
definite arrangement will be announced.
Gone To Slavery
Say, have you noticed the number
of dogs around Slavery? Guess most
of 'em must be immigrants from Clares-
holm. The tax man is after them
there.—Slavery Standard.

A SHORT COURSE IN AGRICULTURE

Will be held at Lethbridge from
Feb. 8th to 19th, 1910

Instruction will be given in Live Stock, Poultry Raising and Grain Raising.
Two cars of selected live stock will be used for demonstration purposes, and lectures given on the subjects of breeding, feeding and the care and management of stock.
Instruction in poultry raising will cover all phases of the subject with incubators and brooders in operation. Crate fattening and marketing will be specially demonstrated.
The subject of grain raising will receive particular attention. Emphasis will be laid upon soil cultivation, under irrigation and dry farming conditions, samples of grains, grasses and weeds will be used for illustrative purposes.
The Lethbridge board of trade is offering two silver cups, one as a prize for proficiency in the judging of live stock and one for proficiency in judging grain. This board has also arranged for convention rates with the railroads. If a sufficient number attend the school single fare rates will be allowed. It will be necessary to purchase a single ticket to Lethbridge, and at the same time secure a standard convention certificate. Upon reaching Lethbridge students will kindly report to the board of trade offices when they will be directed to lodging houses.
Lectures will commence on February 8th at 9 a.m. in the auditorium of the high school. The course is entirely free. All are invited to attend.
